Education

B.Sc in Computer Science & Engineering(2023-Present)
East Delta University,Chattogram,Bangladesh
Chattogram, Bangladesh

Higher Secondary Certificate in Science(2020-22)
Government City College
Chattogram, Bangladesh
Grade: 5.00 out of 5.00

Secondary School Certificate in Science(2018-20)
Chattogram Collegiate School
Chattogram, Bangladesh
Grade: 5.00 out of 5.00

Awards

Winner – 3 Minute Thesis (3MT)
East Delta University – SoSET Research Day
Awarded Winner in the 3 Minute Thesis (3MT) competition at SoSET Research Day, East Delta University. Presented project work as part of team INNOVxARO, demonstrating concise communication of complex ideas, innovation, and teamwork.

Achieved the 6th position in the EDU Intra University Programming Contest-2024
East Delta University - EDU Computer Club

Obtaining GPA-5.00 out of 5.00 in Secondary School Certificate in Science-2020
Mathematics Alumny Association, University of Chittagong

Certificates

Finalist, Hult Prize 2026 – East Delta University
Represented team INNOVxAMOR; developed and pitched a scalable social impact solution.

EDU HackFest 2025 (Participant)
Competed in a 7-hour hackathon as part of **Team INNOVxAAA**, developing innovative coding solutions under time constraints.

ICPC Online Preliminary Contest 2025 – Honorable Mention
Secured Honorable Mention as a member of team INNOVxARO, solving complex algorithmic challenges representing East Delta University

Extracurricular Activities

Participant, 9th Dutch-Bangla Bank Prothom Alo Bangladesh Physics Olympiad (2019) –
Chattogram, Bangladesh
Represented school at the national-level physics competition, applying strong problem-solving and logical reasoning skills.

Skills

C/C++ (Proficient)
Go (Competent)
Python (NumPy, Pandas, Matplotlib, Seaborn,Streamlit) (Competent)
Competitive Programming (Proficient)
Problem Solving (*Proficient*)
Leadership (*Experienced*)
Machine Learning (Competent)

Professional Experience

Campus Ambassador
Programming Hero
02/2026 – Present
Responsible for promoting coding programs, engaging students, and supporting tech community activities on campus.

Sub Executive
EDU Computer Club
05/2026 – Present
AI Research Member at EDU Computer Club, contributing to ongoing AI research activities, experiments, and collaborative exploration in Machine Learning and Generative AI.

Sub-Executive
East Delta University Robotics Society
10/2025 – Present
Supporting robotics projects through C++ and Python debugging and active participation in advanced technical workshops

Projects

HarvestGuard: AI-Powered Agricultural Platform
AI-Powered Crop Guard
- Built an AI platform using Next.js and Gemini AI to reduce post-harvest food loss, including an image recognition feature that identifies crops and assesses their condition from user-uploaded photos.
- Integrated real-time weather alerts and storage recommendations to help farmers prevent crop spoilage and improve post-harvest management.

HVAC Global – Business Website
Responsive Corporate Website Development
Deployed the application on Vercel for live production hosting, designed a modern and user-friendly UI focused on clarity and usability, and optimized performance to ensure responsive cross-device compatibility.

AI-Powered PDF Question Answering System (RAG Chatbot)
Built a PDF RAG chatbot using Streamlit, SentenceTransformers, NumPy, and Groq (LLaMA 3). Implemented PDF parsing, text chunking, vector embeddings, similarity search, and context-aware response generation for document-based question answering.

Cadet, Bangladesh National Cadet Corps (BNCC), Chattogram Collegiate School –
01/2018 – 09/2019
Participated in drills, training, and community service activities, developing discipline, teamwork, and leadership skills.

Professional Cricketer
Ispahani Cricket Academy
01/2018 – 01/2021 | Chattogram, Bangladesh

Participated in Prime Bank National School Cricket Tournament
Chattogram Collegiate School
05/2019 – 07/2019 | Chattogram, Bangladesh

Languages

- Bangla - Native
- English - B1

AI-Powered Note Summary & Quiz Generator
AI-powered web app that converts uploaded note images into summaries and quizzes using Streamlit and Gemini API. Supports difficulty-based MCQs, answer evaluation, and audio summaries for enhanced learning.

Snackify – Global Snack Discovery Platform
- Collaborative Web Development: Partnered with a team to build a global discovery platform using Vanilla JavaScript, HTML5, and CSS3 featuring a modular project structure.
- Dynamic Functionality: Implemented a real-time rating system and instant search/filter logic with LocalStorage API to ensure data persistence across user sessions.
